## HARD SKILLS

- REST APIs & gRPC
- Spring - Spring Boot
- Kubernetes
- Docker
- Relational Databases (Postgres, Oracle, ...)
- No Relational Databases (Mongo, Firestore, ...)
- Google Cloud Platform
- AWS
- Git
- OOP (Java, Kotlin, C++, C#, ...)
- Kafka - Pub/Sub - Rabbit MQ
- Github Actions (CI/CD) - Github Copilot
- Python, NumPy, Pandas, Scikit-learn

## SOFT SKILLS

- Requirement analysis
- Team leading
- Project Management
- Problem solving
- Result-oriented

## SUMMARY

I am a Software Engineer with more than five years of experience, specializing in web application frameworks, with a strong focus on backend development and enterprise architecture. I design scalable software architectures for data platforms, leveraging my deep expertise in Spring/Spring Boot. I have worked with clients in the insurance and banking industries, delivering robust and high-performance solutions.
I'm passionate about building high-performance, scalable solutions that drive business value.

## WORK EXPERIENCE

### Accenture                     06/2024 - PRESENT
**Enterprise Architect Senior Consultant**

I am currently working on a cloud infrastructure project on both Google Cloud Platform (GCP) and AWS, serving clients in the Mobility and Insurance sectors. My role combines senior backend development with Spring Boot and PostgreSQL, alongside cloud solution architecture. I design and implement scalable solutions leveraging GCP services such as Pub/Sub, Cloud Storage, and Firestore. Additionally, I lead the team, ensuring best practices in development, cloud optimization, and system performance.

### Open Reply                     04/2021 - 06/2024
**Mid Backend Developer**

I've worked as a backend engineer on a Wealth Management Platform in the banking sector, focusing on developing and maintaining microservices using Spring and Spring Boot. My main responsibilities included optimizing Oralcle and Postgres databases (including queries), implementing batch processing, automating execution and delivery through Bash and SQL scripts. I was also involved in onboarding and mentoring new developers, as well as performance tuning and system optimization.

### Studiodichiara SRL                     06/2015 - 09/2018
**IT Specialist**

Mainly worked as an IT collaborator during my high school journey. My main duties were: websites development with Joomla 3 CMS and all related
topics (CEO) with a focus on public administrations services, PC hardware maintainance and assistance, ECDL (AICA) course coordinator and tutor, IT services for public administrations, realization of municipal LAN, WLAN and Captive Portal Systems,

## LANGUAGES

- Italian (Native)
- English (C1)

## EDUCATION

**BACHELOR'S DEGREE: Computer Science and Software Production Technologies**
Università degli Studi di Bari - Aldo Moro

10/2017 - 04/2021

## CERTIFICATIONS

**Cisco IT Essentials**
Cisco Networking Academy®

05/2016

**ICDL Standard - Full Standard - IT Security**
ICDL

06/2017

**TOGAF (The Open Group Architecture Framework)**
